EDUCATION

Bachelor of Fine Arts (BFA) – Intermedia

Arizona State University 05/2017

Master of Education (M.Ed.) – Teaching and Learning

Capella University 02/2022

Versatile and seasoned educator with 5+ years of experience crafting engaging, highly-rated learning journeys in programming and employee training, while communicating regularly and effectively with company personnel to continually iterate, remake, and improve existing courses.

Adept at creating fundamental training by breaking down complex topics for new learners.

WORK EXPERIENCE

Freelance Designer

Aug 2014 – Present

- Author bi-weekly newsletters exploring various topics in art and comic-making.
- Tutor individual clients in traditional and digital art.
- Continually build upon educational skills and knowledge through research and small learning projects.

Coding Dojo

Oct 2019 – Feb 2024

Curriculum Developer 08/2022 – 02/2024 📍 Remote

- Redesigned a 4-week C# course to modernize outdated information and integrate updated educational practices, creating a course that consistently received over 80% approval ratings from student reviews.
- Standardized video editing processes for curriculum developers by authoring a Standard Operating Procedures (SOP) document detailing best practices for video creation and editing.
- Developed a 2-week course on web fundamentals into a 4-week course to standardize the beginning of our student learning journey and update course content with modernized web development standards and an improved learning experience.

Senior Instructor 08/2021 – 07/2022 📍 Remote

Instructor 10/2019 – 08/2021 📍 Arlington, VA, then remote

- Designed and piloted an internal training course for admission staff to simulate the experience of being a student on their first day in the program. This course resulted in multiple positive reviews from employees who felt better equipped to prepare incoming students for the rigors of the bootcamp and reduced the number of unprepared students entering the program.
- Trained new instructors on routine SOP and presentation skills through demonstration and shadowing.
- Delivered training and conducted group activities in both live and virtual classrooms.
